Explanatory Note – Ordinary Resolution: Benefits for Directors including the Chairperson and other members

The amount for which authorisation is requested is unchanged from last year. The proposed resolution is the same form as last year. For further background and outline, see Attachment 1.

9. Ordinary Resolution: Honorarium Chairperson

To consider and if thought fit, pass with or without modification, the following resolution:

That the members approve the payment of an honorarium at the monthly rate of \$5370 payable monthly in arrears, and prorated on a daily basis for any broken period of less than a calendar month at the start or end of their term, to the Chairperson of the Club in respect of service on the Board until the next Annual General Meeting.

General Explanatory Note – This and other proposed Resolutions concerning honorariums

This proposed resolution 9 and the following proposed resolutions 10, 11 and 12 relate to various proposed honorariums for Club office bearers. See Attachment 2 for the background to this and those other proposed resolutions.

10. Ordinary Resolution: Honorarium Vice-Chairperson

To consider and if thought fit, pass with or without modification, the following resolution:

That the members approve the payment of an honorarium at the monthly rate of \$2985, payable monthly in arrears, and prorated on a daily basis for any broken period of less than a calendar month at the start or end of their term, to the Vice-Chairperson of the Club in respect of service on the Board until the next Annual General Meeting.

11. Ordinary Resolution: Honorariums Directors

To consider and if thought fit, pass with or without modification, the following resolution:

That the members approve the payment of an honorarium at the monthly rate of \$1788, payable monthly in arrears and pro rated on a daily basis for any broken period of less than a calendar month at the start or end of their term, to each Director (other than respectively the Chairperson and the Vice-Chairperson, for so long as there is a resolution in force respectively approving of a separate honorarium for the Chairperson or Vice-Chairperson) of the Club in respect of their service on the Board until the next Annual General Meeting.

12. Ordinary Resolution: Honorariums – Chairs of Board Committees

To consider and if thought fit, pass with or without modification, the following resolution:

That the members approve the payment of an honorarium at the monthly rate of \$1788, payable monthly in arrears and pro rated on a daily basis for any broken period of less than a calendar month at the start or end of their term, to each Director appointed as a chair of one of the following Board committees – Audit; Risk; Nominations; Disciplinary; Property & Development; Remuneration and Sports Council; in each case in respect of their service in that position for so long as they occupy that position and until the next Annual General Meeting.

Explanatory Note - Ordinary Resolution: Honorariums – Chairs of Board Committees

Directors called on to chair any of the Board committees identified in the proposed resolution, provide additional services and make additional contributions in that capacity.

Each of the relevant Board committees is active and an important part of the management and governance of the Club.

A person acting in more than one of those capacities will be entitled to receive the honorarium for each of those capacities in which they act. Any honorarium payable under this resolution will be in addition to any honorarium awarded to a person in their capacity as a Director or as the Chairperson or Vice-Chairperson of the Club.

13. Ordinary Resolution: Honorarium Appointed Director

To consider and if thought fit, pass with or without modification, the following resolution:

That the members approve the payment of an honorarium at the monthly rate of up to \$10,000, payable monthly in arrears and pro rated on a daily basis for any broken period of less than a calendar month at the start or end of their term, to any appointed Director who is appointed by the Board in respect of their service on the Board until the next Annual General Meeting. The actual amount of the honorarium to a particular appointed Director is to be set by the Board when the appointed Director is appointed, at a rate not exceeding that maximum amount.

Explanatory Note – Ordinary Resolution: Honorarium – Appointed Directors

The amount for which authorisation is requested is the same amount that was approved last year so that the Board has flexibility to attract candidates of the highest calibre.

There were no Appointed Directors last year.

The Registered Clubs Act now permits the Board to appoint one or two Appointed Directors from amongst the members where the Board is of the view that will bring valuable additional skills and experience to the Board and that is permitted under the Club's Constitution.

The Board has not yet resolved to make any such appointment. However, to facilitate any appointment that might be proposed the Board put forward this proposal so that the Board will be able to offer an honorarium of up to \$10,000 per month by way of acknowledgement if a suitable candidate is found.

Under the proposed resolution the Board will have the power to set the honorarium for such an appointed Director, up to that maximum amount.

14. Life member

To consider and if thought fit, resolve that life membership be conferred on John Marsh.

Explanatory Note - life membership proposal

Pursuant to Rule 15 of the Club's Constitution, the Board has recommended John Marsh for election to Life Membership in acknowledgement of his outstanding and meritorious service to the Club.

For a member to be elected to Life Membership, the Board's recommendation requires the endorsement of this meeting, carried by a majority of members present and voting.

15. Special Resolution: amendment of Constitution

To consider and if thought fit pass the following resolution as a special resolution:

That the Club's Constitution be amended as follows, including consequential changes in the numbering of the remaining Rules and the Table of Contents.

By substituting the following for the existing Rule 22(a) and deleting existing Rule 22(f):

(a) Any person who has attained the age of 18 years who seeks admission to any of the Club's premises as a Temporary member, may be admitted as a Temporary member of the Club subject to any restrictions and procedures established by the Board from time to time.

By deleting the words "and address" from Rule 24(b) and adding the following additional Rules 24(d):

(d) The Club may accept a membership application in digital form that is completed electronically and deposited by being provided electronically.

By adding the following as an additional Rule 30(b):

(b) Despite anything elsewhere in this Constitution, a member whilst they are unfinancial,

or under suspension, is ineligible to:

(i) attend, speak at and vote at any meeting of members;

(ii) stand for election, and to be appointed, to the Board; or

(iii) participate in and vote in any election of Board members.

By substituting the following for the first sentences in the existing Rule 48(b):

Not less than 9 weeks before the Annual General Meeting each year, the Returning Officer must call for nominations for election to the Board, by notice published on the noticeboard at each of the Club's premises.

Explanatory Notes – Amendment of Constitution.

See the notes below for details of the special voting requirement in relation to this proposed resolution.

The first change reflects a recent amendment in legislation and will allow the Club to admit any person over 18 as a Temporary member, without limitations that had previously applied.

The second change also reflects a recent amendment in legislation and removes the requirement for the Club to publish the address of someone who has applied to become a member.

The third change will enable the Club to deal with membership applications digitally.

The fourth change is to emphasise that unfinancial and suspended members have none of the rights they would otherwise have had in relation to meetings, elections, or becoming a director.

The last change is to clarify that the minimum requirement for the Returning Officer when calling for nominations for election to the Board each year, is to make the call by publishing a notice on the noticeboard at each of the Club's premises. Currently there is no specific requirement for how the call for nominations is to be made.

16. Amalgamation - expressions of interest

As required by legislation, notice will be given at the meeting of each expression of interest in an amalgamation, along with each unsolicited merger offer, that the Club has received from another club within the previous 12 months.

17. CEO's report

The CEO will provide an update on aspects of current Club activities and planning, for the information of members.

18. Management

A reasonable opportunity will be provided for members to ask questions about or make comments on the management of the Club.

19. Election

Declaration of the results of the election of the directors to hold office from the end of the meeting.

- (b) hold the meeting as a virtual meeting using technology, then members will be notified as early as possible and instructions provided.

Other consequences of any public health or safety issue

Members are encouraged to allow extra time to gain access to the meeting room. Also, please be patient regarding any delays due to social distancing or other hygiene or health measures that may be in place. Please observe all health and safety directions and also cooperate with club staff in accepting re-direction to overflow rooms if that becomes necessary.

Or if it becomes necessary to hold the meeting using technology:

- (a) please test the technology and your connections for yourself in advance to minimise problems, and also follow all instructions;
- (b) your contribution to the discussion of, and questions regarding, a proposed resolution may have to be provided through a moderator in accordance with the instructions provided;
- (c) you must not allow anyone else to use your access right or to vote for you; and
- (d) your vote on any resolution will not be counted or effective unless you vote only at the time that the proposed resolution is put to the vote and not before, and get your vote lodged before that voting closes.

Notice of questions or requests for details

Members who wish to raise any queries or seek any information, including questions in relation to the accounts or reports or specific legislative or financial matters, are asked to provide written notice of the question to the office of the Chief Executive Officer at least 14 days prior to the meeting, so that answers may be researched, if required.

Honorary, temporary and provisional members are not entitled to attend or vote at the meeting. - Rules 16, 21(c), 22(c), 28(c) and 79; and section 30(1)(h) of the Registered Clubs Act 1976 (NSW).

Notice of the meeting is being given to the Club's Auditor, who is entitled to attend.

Voting

An ordinary resolution must receive votes in favour from not less than 50% + one of eligible members who cast a vote in person at the meeting.

A special resolution must receive votes in favour from not less than three quarters of eligible members who cast a valid vote in person at the meeting.

A vote on a proposed resolution on a show of hands will not count, even if the vote has been declared, if the Chair requires or accepts a request from five members for a poll i.e. a vote by secret ballot. In that case the voting will be determined according to the poll.

Resolutions

It is a legal requirement that no resolution may be proposed at the meeting that is not already listed in the notice of meeting.

It is also a requirement under corporations law that any resolution proposed as a special resolution must be considered as a whole and cannot be altered by any motion at the meeting (except to correct grammatical or clerical errors).

Code of Conduct

The Club's General Meetings Code of Conduct By-law applies and subject to the discretion of the Chair the meeting will be conducted in accordance with that Code. Any member proposing to speak at the meeting should make themselves aware of the provisions of that Code. A copy of the Code is on the noticeboard at each of the Club's premises and also any member may request a copy from the CEO's office.

Further details and outline – Ordinary Resolution 8: Benefits for Directors including the Chairperson, Vice-Chairperson and other members.

It is necessary and appropriate for the Directors to be active in performing their duties and pursuing the Club's success.

Directors' out-of-pocket expenses reasonably incurred in the course of carrying out their duties, can already be authorised by the Board. However, the proposed resolution in the interests of transparency makes disclosure of some of the types of expenses likely to be incurred.

To the extent that the resolution involves the payment of certain specific outofpocket expenses, the resolution will acknowledge that expenses of the types proposed are prima facie reasonable and there is or will be a current resolution of the Board authorising the payment of expenses of the kind listed.

As was the case last year, the third example includes professional conferences and seminars (an example of which might be an annual overseas conference of the Australian Institute of Company Directors).

As was also the case last year, the fourth example anticipates that the Board may reimburse travel expenses incurred by directors to attend Board or Committee meetings. It is proposed that would apply in the case of each director but only as and where the Board considers reasonable. This would allow reimbursement for travel by directors living locally; and also directors who (for example) may have additional travel to meetings when relocated (short or long-term) in the course of their occupation in order to attend meetings face to face (and which may involve plane travel) as joining a meeting by technology is not always a satisfactory substitute although that is available.

The second part of the proposed resolution (in relation to benefits to particular classes of members), is also the same as last year and is included to confirm member authorisation where classes of members (including directors) might be seen to be receiving different benefits.

To the extent that the proposed expenses may involve the provision of benefits that are not in the form of money or a cheque and are provided to a specific class of member, that is permissible under current legislation only if there is a current authorisation from a general meeting.

To the extent that the proposed expenses might otherwise be regarded as a profit, benefit or advantage that is not offered equally to every full member and able to be authorised as above, they are still permissible if the Authority is of the opinion that they are reasonable in the circumstances. The resolution seeks to acknowledge the types of expenses that are regarded by the members as being prima facie reasonable in the circumstances.

Where the Board decides to provide financial or other support for community functions where that is seen to be in conformity with the Club's objects, the resolution will authorise that despite the possibility that a class of members - directors or otherwise - may have a direct or indirect interest or connection. Examples are the Annual Mass and Communion Event; and the Sports Council Dinner, however the proposed approval is not limited to those examples.

Where the Board, in conformity with the Club's objects, decides to provide wakes for former Life members or former directors, the resolution will permit that despite some members (directors or otherwise) having a direct or indirect interest or connection.

Finally, the resolution will acknowledge that it is not improper for members (including directors) and their partners and families, to attend at and participate in Club or Club intra-club or external functions or activities, where they are excused from payment because of their office or other connection with the Club.

The proposed resolution takes into account the still changing circumstances of the Club including the further increase in the size and complexity of the Club's operations and particularly, the continuing likelihood that the Board will need to plan for one or more major new projects.

ATTACHMENT 2

Background – Ordinary Resolution 9: Honorariums and subsequent related resolutions

The proposed levels of honorariums compared to those approved by members last year are as follows. The increases are proposed to reflect the 2.4% increase in the main CPI Index in the 12 months to the end of March 2025. These are proposed as monthly amounts, payable each month.

Position	2024/2025*	Proposed 2025/2026*
Chairperson	\$5244	\$5370
Vice-chairperson	\$2915	\$2985
Committee chair**	\$1746	\$1788
Director other than Chairperson or Vice-chairperson	\$1746	\$1788

*Before superannuation contributions, which are paid in addition (currently 11.5% and increasing to 12% from 1 July 2025).

**Applies in addition to any other honorariums and applies in relation to each position held. There are seven such positions.

No increase is proposed in the recommended maximum honorarium potentially available should any additional director to be appointed.

The proposed honorariums take into account the changing circumstances of the Club including the continuing increases in the size and complexity of the Club's operations and the resultant increases in what the Club needs and expects from Directors.

Each individual Director can choose whether or not to accept the honorarium.

A Director appointed to fill a casual vacancy in an office will be entitled to receive the honorarium for that office for the whole of the period from their appointment until the next Annual General Meeting.

The proposed honorariums are not by way of remuneration but rather by way of recognition of that extra service to the Club.

An honorarium may only be paid where approved by a resolution passed at a general meeting.

Under the Registered Clubs Act 1976 (NSW), the only members entitled to vote on this resolution are the members who are entitled to vote at the annual election of the Board.

In addition to a particular honorarium, as a consequence of the honorarium the Club expects to pay a Superannuation Guarantee contribution on behalf of the recipient in each case at the minimum rate required under legislation at increasing rates as shown above.
